

## **Name of Event: Training on Water Governance**

**Date: 18<sup>th</sup> to 20<sup>th</sup> September, 2023**

**Venue: Kanke, Ranchi**

A three-day training program on Water Governance was organized by PRADAN at Kanke, Ranchi from 18th to 20th September. On the first day of this training, water crisis in Jharkhand was discussed and some GIS based applications to planning process were explained and INRM planning was also discussed. On the second day of the training, INRM structure was shown in Murhu block of Khunti and water game was played with the community. Which was to explain how we are slowly depleting water. Hence how important it has become to save it. Gram Panchayat Development Plan (GPDP) was discussed on the third day of the training. In this, how can we plan all types of schemes of Gram Panchayat at once? Participants from different places of Jharkhand took part in this training.
